DIY Tip from Martin Glynn at the DIY Academy

If you are working on a painting project that will not be completed in a single day, try this time saving tip.

Instead of washing your brushes, rollers and trays, place them in an airtight bin liner or black bag and seal it with masking tape. This will keep your tools fresh and ready to use the next day, reducing cleanup time & effort.

20% OFF ALL AQUAMAX WHITE

INCLUDES PRIMER UNDERCOAT, SATINWOOD & GLOSS
