Set of 50 €29.99

New for
2025!

Good to know!

- LED Christmas lights are 5 to 10 times more economical than the traditional Christmas light bulbs.
- Many of our Christmas lights come with a timer, which is a time switch that controls when the lights go on and off. This prevents energy wastage.
- Also, often when we switch on our Christmas lights, we don't put any additional lighting on.
